12. [ ] - LLM) Met with Ed Braswell, Chief Counsel, Senate Armed Services Committee, in preparation for Thursday's session with the full Committee on retirement quota legislation, covering the impact of the legislation on the integrity of the fund and the 1 April effective date, among other things. It was Braswell's opinion that things were going rather well and that we should not anticipate any problems with the Committee; but he does believe we should be aware of the possibility that when the measure reaches the floor some Members might attempt to attach riders concerning the Agency, such as the Cooper bill which requires the Agency to share all of its information and analysis with the foreign affairs and armed services committees. See Memo for the Record.
